

Using Your Jiffy® Steamer Steamboard

Worldwide Leader in Steaming Equipment Since 1940

Now you can use your Jiffy® Steamer to do a lot more than steam out wrinkles! The Jiffy® Steamboard provides you with a convenient workspace so that you can set pleats and creases easily. The board is ideal for clothing retailers, tailors and home use.

The warm, moist steam combined with the touch of the steam head will allow you to remove wrinkles quickly and to crease garments easily—in the test-proven gentlest, safest, most efficient method!

The Jiffy® Steamboard may be temporarily mounted by hanging the board over a door with the enclosed bracket.

Or the Jiffy® Steamboard may be mounted directly to the wall or attached to your wall's baseboard using the leg bracket kit.

The spring-loaded clothes clamp at the top of each Jiffy® Steamboard can hold garments in 1 of 2 ways:

Either use the clamp to hold fabrics or pants by the cuff,

or hang the clothing on a traditional hanger and slide it through the closed clamp.

Order your Jiffy® Steamer Steamboard today!
