New European Design Steam Head and Hanging Mechanism

A

B

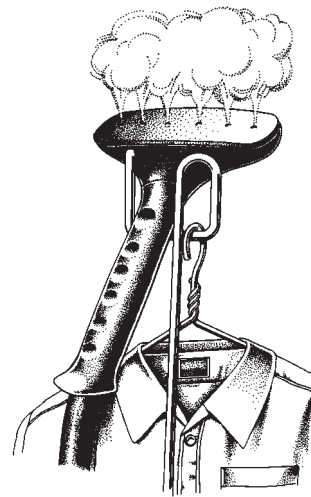

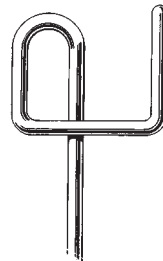

- Redesigned for user convenience
- Cradles in hook two ways (A or B) for convenience
- Sleek european design
- Comfortable, ergonomic grip

Jiffy Steamer Company, LLC is proud to offer our attractive new European design steam head and improved hanging mechanism. Both have been redesigned with the user in mind, improving both function and appearance. New handle features an ergonomic grip for more comfortable operation. High heat and impact resistant polymers make this steam head the most durable available.

New hook section allows for more convenient hanging of clothes while holding the steam head securely in one of two ways (A or B).

1 HOUR FAX SERVICE: Fax us your order and account number, and we will process your order within 1 hour.

24 HOUR REPAIR SERVICE: If your Jiffy Steamer ever needs service, we will repair and return ship the unit within 24 hours of its arrival to our plant.
